Listen to CDs, FM radio, and audio files via USB, as well as music streamed by *Bluetooth*® Wireless Technology. What's more, the NFC feature provides one-touch pairing with compatible devices such as smartphones. The simple and stylish design goes well with any room décor, with speakers allowing vertical or horizontal placement.

FUNCTIONS

- › CD/Bluetooth/FM/AM/USB/Audio In

AMPLIFICATION

- › Class D Amplifier (Digital Amplifier)
- › Power Output: 15 W + 15 W (1 kHz, 10 % THD, 8 ohms)

SPEAKERS

- › 94 mm Cone Woofer, 50 mm Cone Tweeter

AUDIO FEATURES

- › FM (RDS)/AM Tuner (FM: 30, AM: 15 Presets)
- › Sound Control (Bass/Treble)
- › Sound Preset Equaliser (Flat/Active/Dialogue/Night)
- › Bass Enhancer (P.BASS)

PLAYBACK MEDIA/PC FILES

- › CD-Audio, CD-R/-RW (MP3)
- › USB Device (MP3)

CONVENIENCE

- › Built-in *Bluetooth* Wireless Technology (ver. 4.1, profile: A2DP/AVRCP)
- › One-Touch *Bluetooth* Pairing and Disconnection with NFC (Near Field Communication) Technology for Compatible Devices
- › *Bluetooth* Auto Reconnect
- › *Bluetooth* Wakeup
- › Speakers Can be Placed Vertically or Horizontally
- › Auto Standby
- › Clock & Programme Timer (Daily/Once Timer)

TERMINALS

- › USB (Front)
- › Audio Input (3.5 mm)
- › Phones Output (Front)
- › Speaker Terminal
- › FM/AM Tuner Antenna

SPECIFICATIONS

- › Power Requirements: AC 220-240 V, 50/60 Hz
- › Power Consumption: 20 W/0.5 W or less (Standby)
- › Dimensions (W x H x D)/Weight:
 - Main Unit: 200 x 129 x 237 mm/2.3 kg
 - Speaker (Each): 129 x 200 x 213 mm/1.7 kg

Bluetooth with NFC One-Touch Pairing

The built-in *Bluetooth* Wireless Technology lets you easily stream music from compatible devices such as smartphones, tablets, or personal computers. What's more, the system features NFC (Near Field Communication) Technology, allowing one-touch pairing and disconnection with compatible devices*.

* Unit needs to be on *Bluetooth* Mode. NFC function may not work depending on smartphone/tablet.

Bluetooth Auto Reconnect/Bluetooth Wakeup

With the *Bluetooth* Auto Reconnect function, the system automatically reconnects with your *Bluetooth* enabled device after the initial pairing. If you set the system to *Bluetooth* Wakeup, the power will automatically turn on, and the function is switched to *Bluetooth* Audio when you play your *Bluetooth* enabled device.

“P.BASS” Bass Enhancer

The “P.BASS” function emphasises the bass frequencies for a powerful sound. The function is available by default when you first turn the power on, and can be turned off with the remote control.

Sound Equaliser

You can fine-tune the sound to suit your preference using the four equaliser presets.

- Flat: a flat, basic sound
- Active: powerful sound with emphasis on low and high tones
- Dialogue: makes radio or vocal sound more easy to hear
- Night: optimised for listening at a low volume

Auto Standby

No need to worry if you left the power on. The system will automatically switch to standby after being left uncontrolled for a while.
