

CLEAR

Product Data Sheet

PATENT PENDING

Clear are audiophile circum-aural open-back headphones. They represent a new evolution of Focal's now famous completely open-back full-range speaker driver. The 'M'-shape Aluminum/Magnesium dome benefits from a new copper voice coil. This provides remarkable dynamics over the entire audio spectrum; bass that is always controlled, even at high volumes, and exemplary linearity in the high-end.

The new generation of perforated microfibre ear cushions give the headphones an extremely open design. The user will completely forget Clear are even there, and will be overcome by the feeling of listening to the best loudspeakers on the market.

Key points

- Open-back design for use at home
- Exclusive full-range speaker driver with an 'M'-shape Aluminum/Magnesium dome (patent pending)
- Excellent performance when connected to an audiophile portable stereo
- A listening experience very close to that provided by high-fidelity loudspeakers
- Comfortable and ergonomic

Type	Circum-aural open-back headphones
Impedance	55 Ohms
Sensitivity	104dB SPL / 1mW @ 1kHz
THD	0,25% @ 1kHz / 100dB SPL
Frequency response	5Hz-28kHz
Loudspeaker	1.6" (40mm) Aluminum/Magnesium 'M'-shape dome
Weight	0.99lb / 450g
Cables provided	3m balanced cable (XLR 4-pin) 3m unbalanced cable (1/4" TRS jack) 1.2m unbalanced cable (1/8" TRS jack) 1/8" jack to 1/4" stereo jack adapter
Hard-shell carrying case provided	9.8"x9.4"x4.7" (250x240x120mm)
