

Diffusore acustico bass-reflex due vie, molto compatto, adatto per impianti hi-fi stereo e home cinema, effetti surround e sonorizzazione di ambienti. La particolare forma del box e la staffa in dotazione rendono agevole il fissaggio a parete con diverse angolazioni.

Very compact loudspeaker, 2-way bass-reflex, suitable for hi-fi stereo and home cinema systems, surround effects and sound distribution. The special shape of its box and the supplied bracket make easy the on-wall clamping with several angulations.

Caratteristiche / Data

2-way, bass-reflex speaker system
20÷60 watt rms suggested amplifier
4÷8 ohm amplifier load impedance
65÷22000 Hertz frequency response
90 dB sensitivity (2.83 V/1m)
5000 Hertz crossover (6/6 dB/oct)
100 mm woofer diameter
24 mm tweeter ring diameter
120 x 193 x 125 mm dimensions
1.6 Kg weight
